

## Lipizzan (Melodrama)

Lipizzan, you make me pray  
I'll walk in stride with you some day  
Walk with pride, my head held high  
Embrace your steps, before my soul flies

Lipizzan, you'll make me pray  
Lipizzan, you'll make me pray

Lipizzan you'll never stray  
Noble love reins your day  
Head held high, each stride a gain  
For heroes who secure loves fate

Nightmares conjure wars brutal truths  
Lipizzan conquered through wars abuse  
Passion forever rides aside your army of good  
Each step a memorial to heroes that bravely stood

Lipizzan saved many times  
By revered souls who knew your lines  
Held the wealth of honored creed  
Let truth and love win over greed

Lipizzan, you make me pray  
Lipizzan, you give me strength  
Lipizzan, you make me brave
