

Time Lay Still

Time works hard to make a day
Exert itself and run away
In her arms, Time hear me say
Time lay still, Time please stay

Time lay still

Time you've ran hard thru the day
Please take a break, life's not a race
She's with me, Time hear my plea
Time lay still, rest here complete

Time lay still

Laaayyy, lay, lay, lay

Time works hard to pass life's days
Fast behind to history
Still at her side and Time concede
Time lay still eternally

Time lay still, timeless still

Laaayyy, lay, lay, lay
Time!, Time!, Time!, Time!

Time lay still, timeless still
